

TO THE RESPECTED AUTHORITY

Dear Sir/Madam,

Greetings from SKANDA ENGINEERING.

SKANDA ENGINEERING is an emerging startup venture in the manufacturing sector, operating under the guidance and support of our parent company, ESSARR ENGINEERING. Established in 2011 and located on Vilankurichi Main Road, Coimbatore, ESSARR ENGINEERING is renowned for delivering high-quality, precision job works with a strong commitment to timely execution.

With over five years of operational experience across its other two units, our group has consistently undertaken a wide range of job works using advanced machinery and state-of-the-art equipment. Over the years, we have established ourselves as trusted vendors for several reputed organizations.

SKANDA ENGINEERING, as the latest unit, aims to continue this legacy of excellence with a strong focus on quality, commitment, and customer satisfaction.
